a past to remember / a future to mold

A large, stylized graphic of the American flag serves as the background. The top left corner features a field of white stars on a dark grey background. The rest of the page is filled with vertical stripes of dark grey and light grey. In the bottom right corner, there is a circular logo for the American Revolution Bicentennial, featuring a five-pointed star in the center, surrounded by the text "AMERICAN REVOLUTION BICENTENNIAL" and the dates "1776-1976".

A Past To Remember...The Bicentennial Year has provided us with a theme that can not to be topped. A past to remember...and we have had it here at Bonner High. Teachers, friends, activities and classes have provided us with memories that we will cherish, just as we cherish the hectic but historic past of our country.

A Future To Mold...Again, we are provided with the beginnings and the awareness of our responsibility to ourselves, our community and our country. With the skills we have learned here we are now launched on a future to mold. Wherever we go, whatever we do, we have learned to make the best effort we can and we know that it will reflect the best efforts made by our teachers and parents here at Bonner Springs High School in Bonner Springs, Kansas.

Tammy Bonee, Helen Mitts, Madolyn Wagner, Julie Haufler and Robert Powell, all Sophomores, represent a typical row of students in a classroom, directs you to pages 164 and 165 where they introduce you to the students in their respective classes.

Warm, Witty, Wise...Wind

Mrs. Angela Wind, affectionately known to her students as Angie Baby, is perhaps one of the greatest influences on the students who participate in the publications courses. Her well-known temper and warm, funny sense of humor have helped her to win the hearts of all who come into contact with her. And, yet, despite all of her first impressions, Mrs. Wind is a very real and involved person, who cannot bear to watch a student waste his or her time. Perhaps this is why her favorite expression is, "You learn only by doing."

The Many Facets Of Mrs. Angela Wind

Whether you know her as a friend and pal...

...as someone in whom you can place your trust...

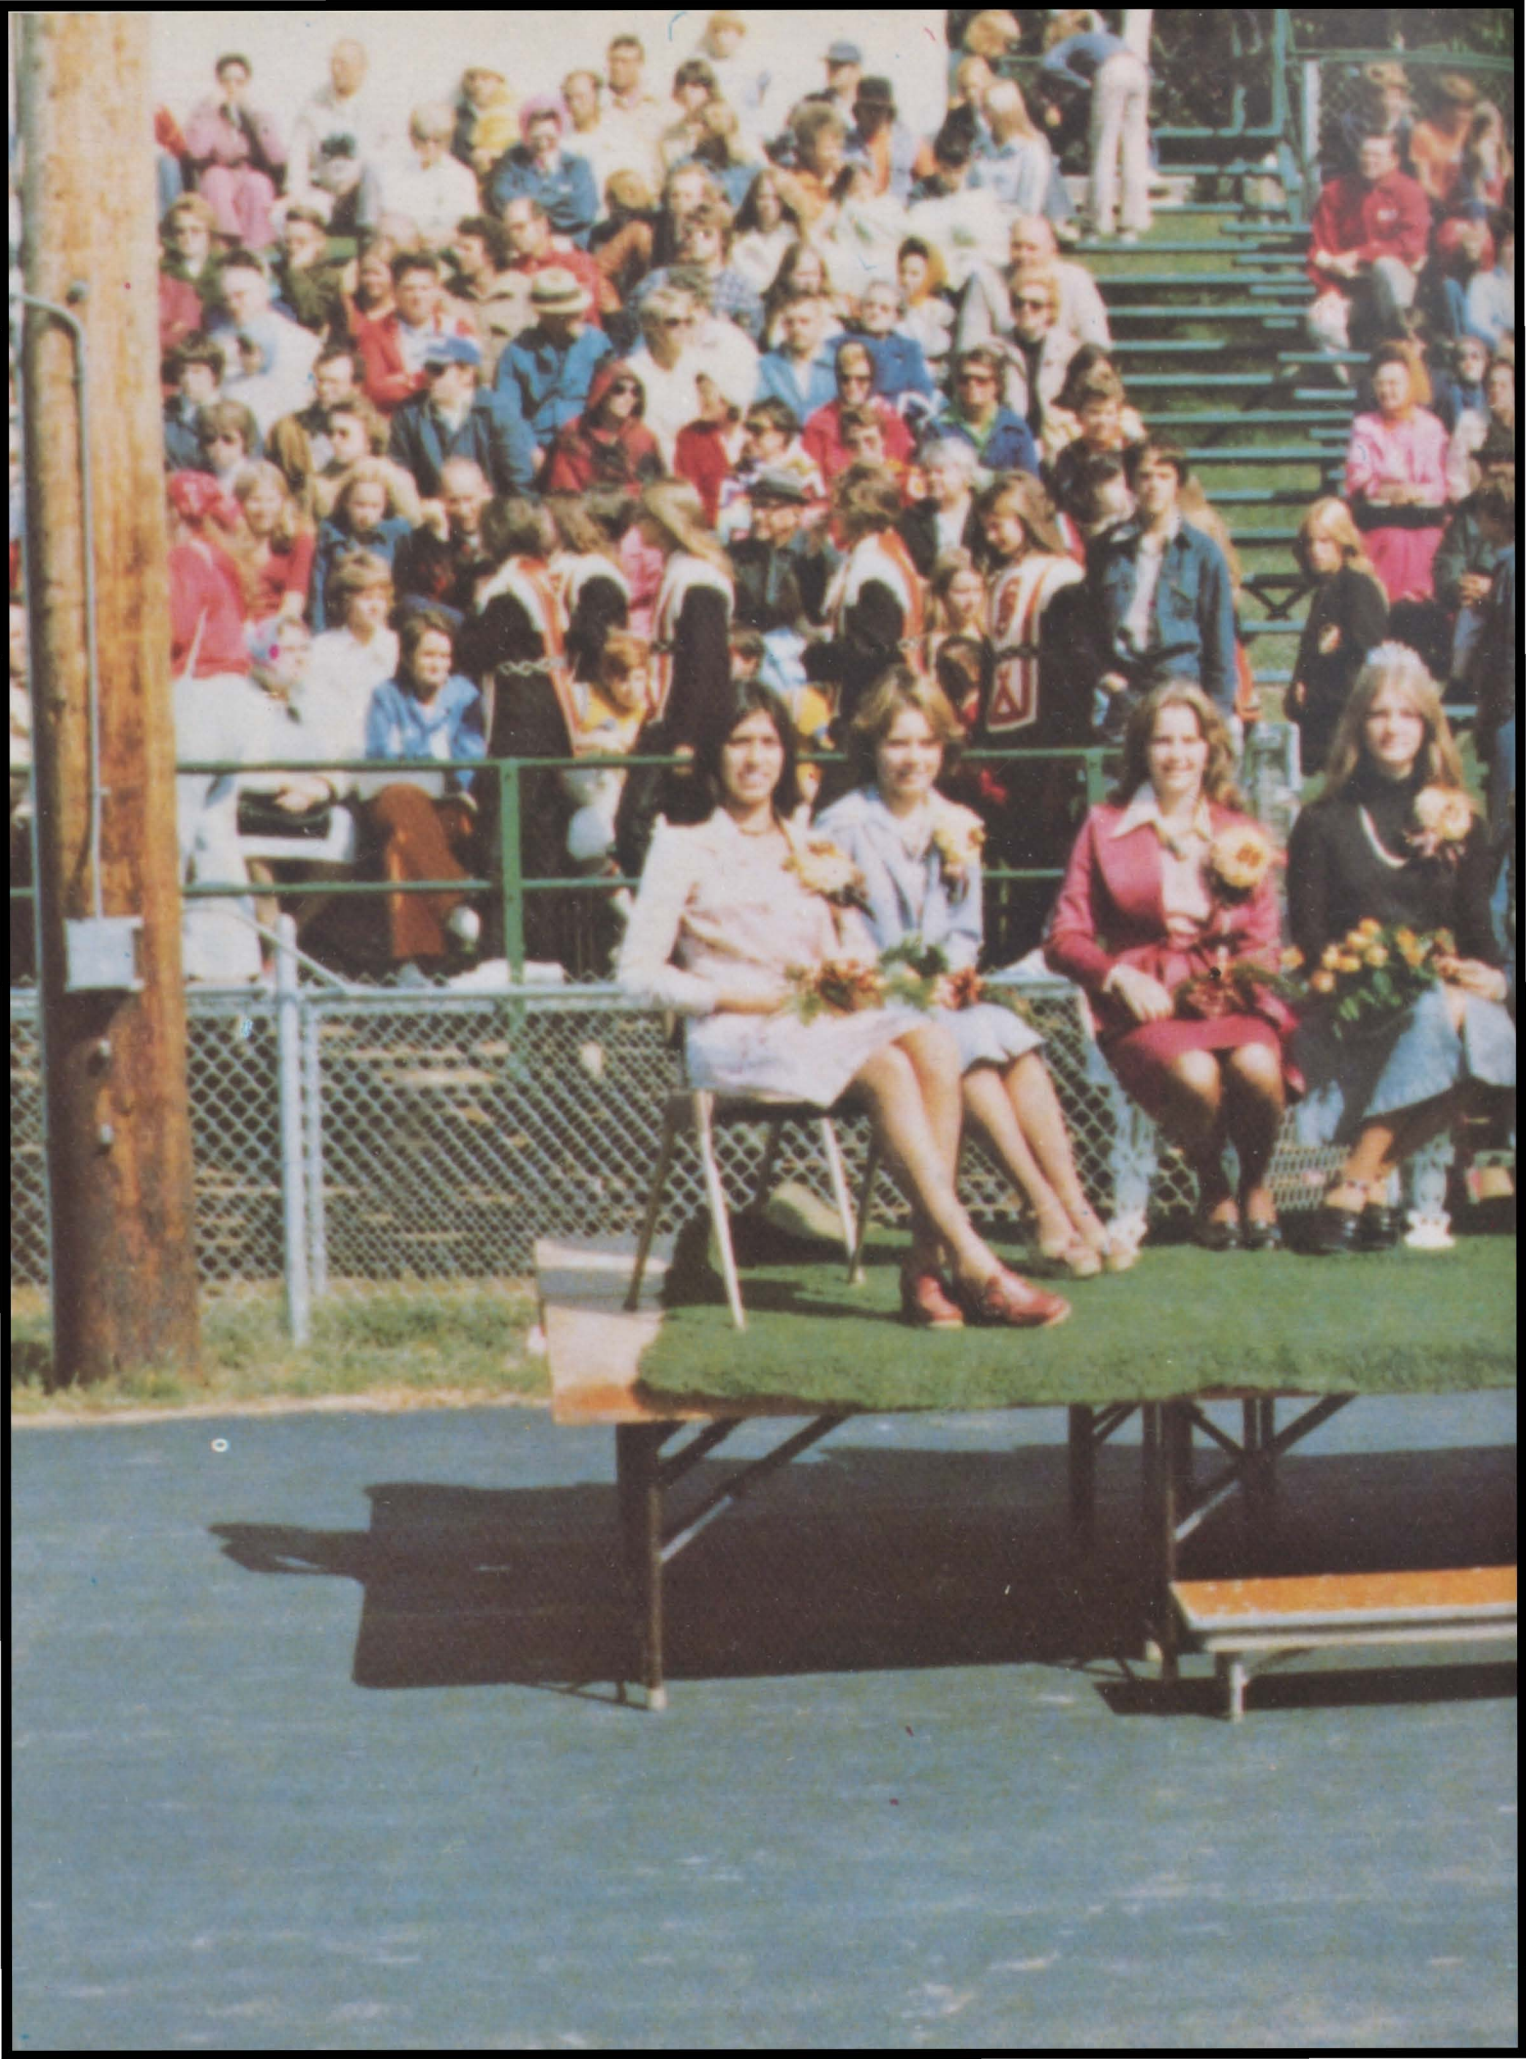

...as a poised socialite...

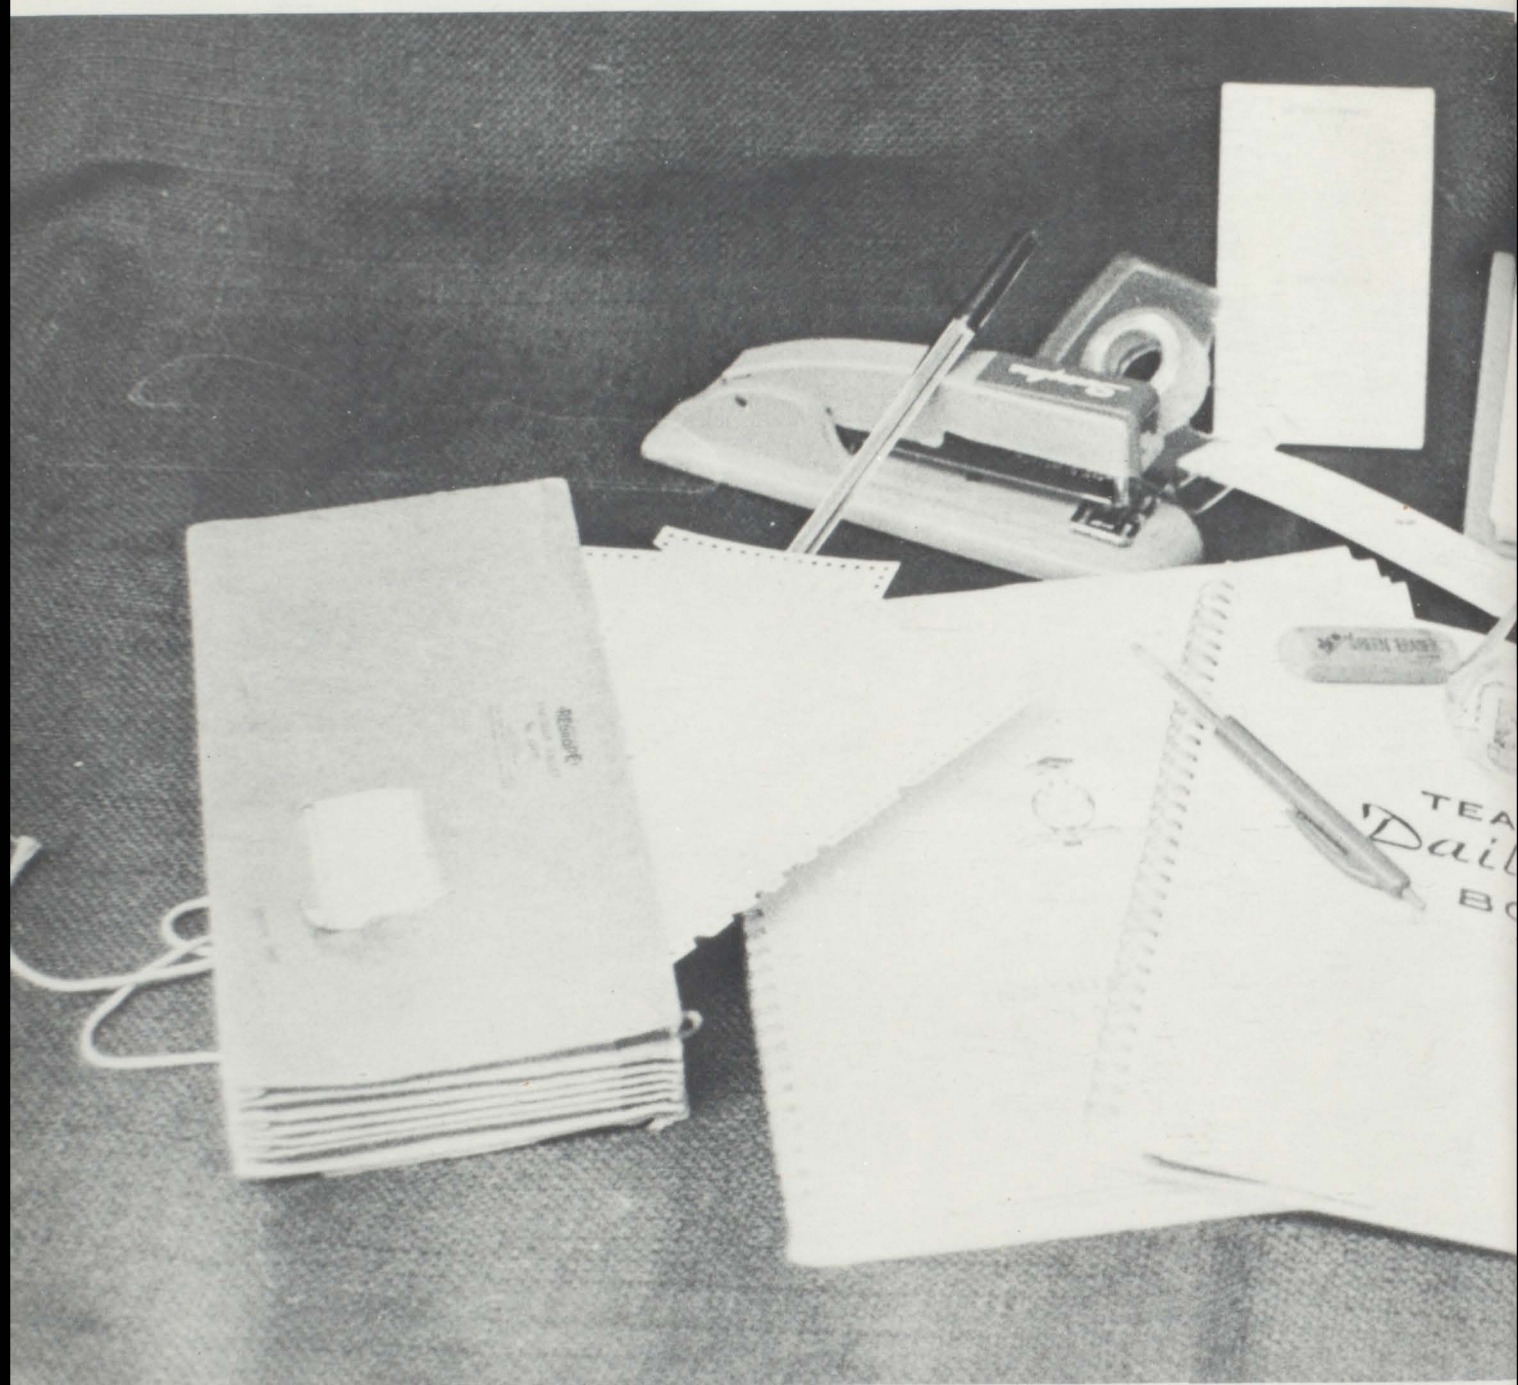

...as a competent and talented instructor...

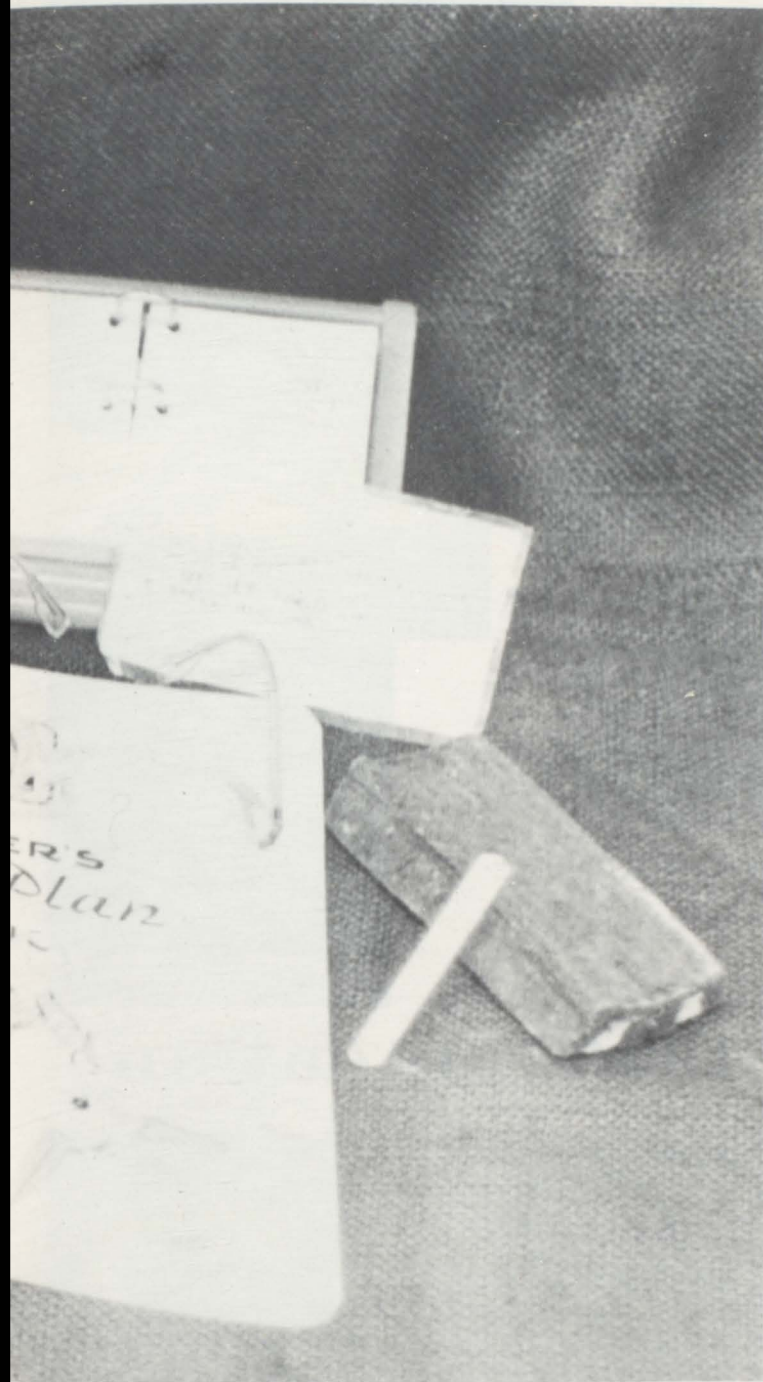

...or as an involved, caring member of the community...

Ken Tewell, Superintendent, Unified District No. 204

Nine make a baseball team and a busy dedicated Board of Education. These nine people devote many unpaid hours to setting policy, discussing and developing possibilities and planning for the education of over 2,000 students. They are the unsung heroes and heroines who smile in the background as the graduates receive their diplomas... a smile of a job well-done.

Thru The Language Barrier

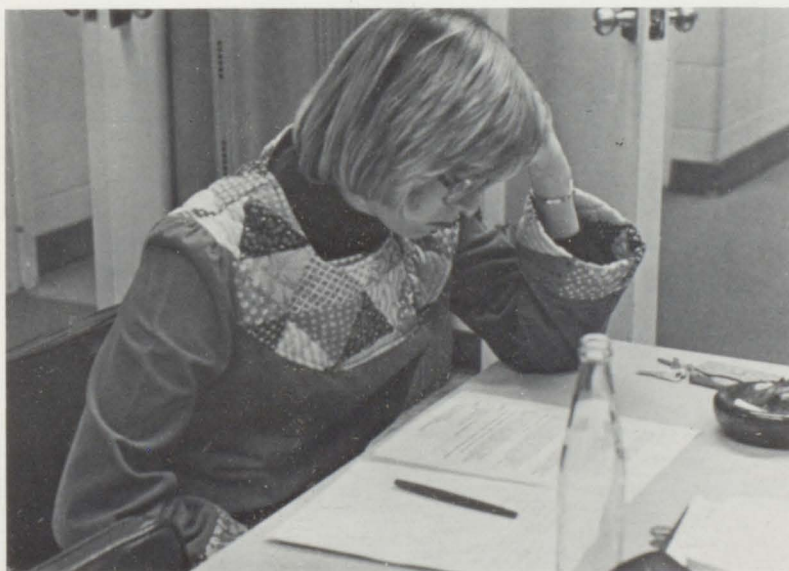

This was the busiest year in the Foreign Language Department. The State Junior Classical League Convention was held here with nearly 200 guests from high schools throughout the state. The French Club dined out...on French food, in French atmosphere...at French prices. And the Spanish department sponsored a candy sale, a "Fonza" contest and danced in costume at the Art Festival.

Sciences...A Process For Finding Answers

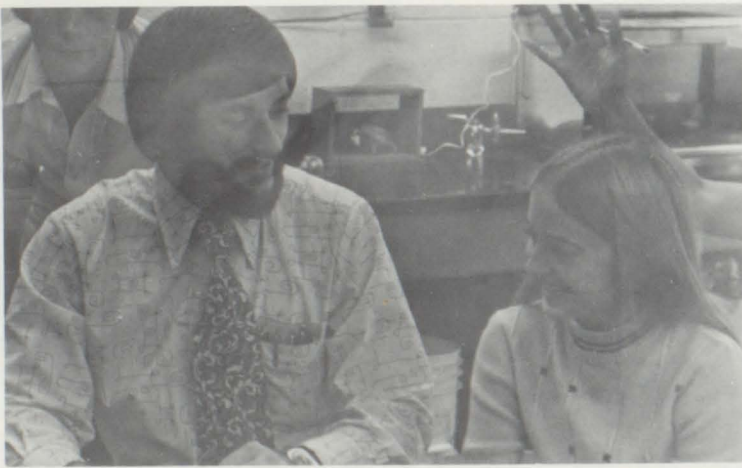

Mr. Richard Nelson, Chemistry, Physics and Biology

Mr. Dennis Wilson, Biology

The science department, under the leadership of two men who believe in scientific investigation, gives those students who enjoy investigating "why" plenty of opportunity to answer their curiosities. Following thru on experiments and observation to new conclusions lead these students in a method of learning that makes the questions "why" and "why not" stay with them for the rest of their lives.

Music And Art-The Sights And Sounds Of Beauty

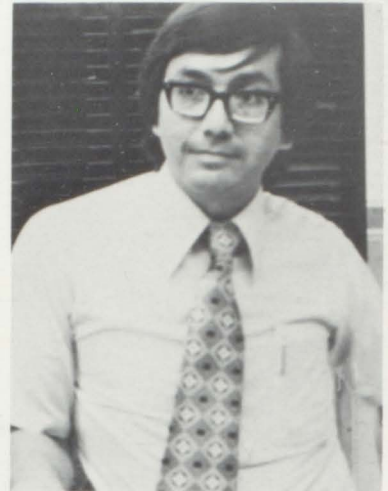

Mrs. Marlee Parmiter, Vocal Music Instructor

The music department involves almost half of the student body. These students learn to perform and appreciate. . .not only for themselves but for the community. Their concerts are always a revelation of the talents of the instructors and the talents of the students in Bonner Springs.

Elaine Benz waits for the signal or downbeat from Mrs. Parmiter.

Mr. Bill Flores, Instrumental Music Instructor

Whether with brush or string, on canvas or burlap, students learn to create beauty in the Arts and Crafts department. The talents and interests of both Ms. Horvath and Mrs. Knowles show as students develop their creativity. The opportunity to develop under such expert guidance gives students new appreciations of themselves and of the variety of materials they can turn into objects d'art!

Helping everyone from Freshmen selecting classes, to Seniors selecting colleges, these members of the staff cover the special problems of students at both ends of the spectrum. Whatever you need, the librarians and their assistants try to help you find it. It is the information center.

Cafeteria Crew: The Peanut Butter Magicians

Back row: Mrs. Betty Wasson, Mrs. Helen Walker, Mrs. Louise Verdick, Mrs. Lonzana Anderson, Mrs. Kay Stark. Front row: Edna Hollenbeck and Mrs. Dora Pickett.

There is no group that works with as many limitations as the cafeteria crew. They must serve over 700 students and teachers in an hour and a half, in 20 minute schedules, they must serve a balanced menu on a limited school lunch budget, they must serve every variety of food hang-ups, and they must do all of this with a smile. They are to be commended for keeping their sense of humor throughout nine months of griping kids.

Mrs. Anderson carefully and cheerfully dishes up those tasty, crispy French Fries.

Mrs. Hollenbeck's hot rolls are a hit all year round.

ORGANIZATIONS ARE FUN!!!

Our school sports many new and different organizations. In all we have 23 clubs that meet regularly every two weeks. All organizations have set out and accomplished more than in any recent year. This year Reptile Club, Spanish Club and CIRES got a start. Others like B.E.E.S. headed upward. Oldies but goodies like Kayettes, B-Club, French Club and Pep Club expanded their hard-working units by adding trophies and awards to the shelves.

Varsity Cheerleaders-'75-'76

Merri Jennings

Varsity cheerleaders lead a very hectic life. They attend football games, volleyball matches and some cross-country meets. Yet that's only the beginning, when winter sports arrive, they also spread themselves thin by cheering for boys' basketball, wrestling matches, and with the addition of girls' basketball, they attend a school function four times a week. With all the hustle and bustle and lack of food, Melinda, Merri, Audrey, Carey, Dee, and Brenda cheer with big smiles.

Mrs. Ardys Kenyan, Head Sponsor of Kayettes, enjoys a meeting with her "girls."

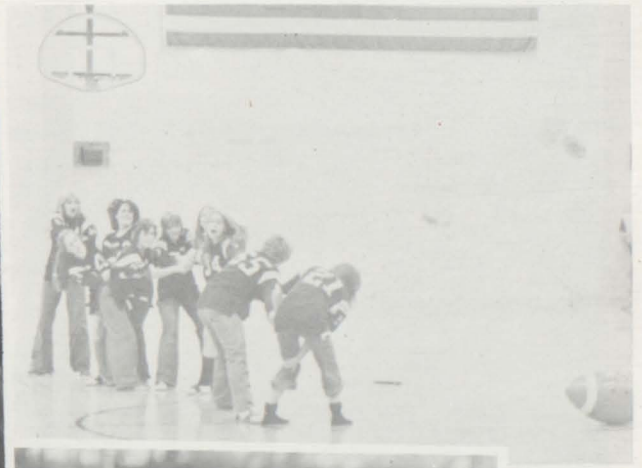

Off with the makeup and on with the game! Janet Kerby, Dee Valentine and Anita Goeking show the spirit of the Kayette girls as they enter into the powder-puff football game.

The Kayettes are dedicated to service and they perform little acts of friendship during the school year—secret Valentine pal, treats for the teachers and food for needy families. These go along with one of their chief projects—the support of an Indian orphan.

Their main moneymaking project is the powder-puff football game—with the Freshman and Senior girls teaming up against the Juniors and Sophomores. The enthusiasm of their game gets a large crowd of spectators to watch their particular brand of football and enough money to support their yearly needs.

Kayettes enjoy a picnic and prepare for a game.

Buzz

Mr. Wilson, Nancy Neal and Kevin Mills were deeply involved in planning, advertising and putting on Bonner's first Science Fair.

Nearly 40 entries in the Science Fair made it a success and a real task for the judges.

For the first time at Bonner a Science Fair was sponsored and conducted by B.E.E.S. A busy weekend of setting up, viewing and judging the many interesting entries resulted.

The annual trek to the Ozark Underground Laboratory in southern Missouri was attended by 63 interested students. The safari left on Friday afternoon, alert and full of energy and returned Sunday evening, exhausted and frostbitten.

A field trip... is a lesson on how to pack gear for 63 in one pickup... and a nightmare of paraphernalia!

The Ozark Underground Laboratory field trip is one of the longest and most interesting field trips and students have weathered blizzards to see the unusual phenomena. The trip makes one of the more outstanding memories.

We Host A Convention

After months of planning, we await our convention guests.

The Bonner Springs chapter of the Junior Classical League planned and hosted the State JCL Convention on April 10, 1976. The planning and implementation of the activities led to a successful and memory-packed day. This first convention hosted by Bonner Springs proved that we were competent and enthusiastic about JCL.

Meetings, contests, lunch and just plain hospitality are the order of a long and fun day.

Costumes And Projects

Our guests come dressed for the occasion.

A JCL convention includes Olympic competition and contests in costuming, projects and skits. Above right is the winning Roman lady from Great Bend, Kansas. Lower left, Mrs. Hughes numbers and marks the many excellent projects which gave the judges a trying time.

Projects for competition include Roman buildings created out of sugar cubes and Roman dolls.

Olympics...Bonner Style

With help from the faculty an Olympic was held which included competition in races, volleyball and "chariot" relays. Former Latin students came back to help with the activities.

Leaders And Followers

Band President Sherri Mitts and Vice-President Robert Harrington wonder if they will be able to make it through the year.

Whether rain, shine, snow or sleet, the band carried a good impression of Bonner wherever they went. The sounds of marching band, concert band, pep band and stage band brightened our year and theirs, too. The band always enjoys their successful performances, although they are colored with jolts, blasts, squeaks and squeals. Their enthusiastic instrumentalists added that special extra something to the 75-76 school year.

The concert band prepares for their first concert.

Bonner Banner carriers this year were Linda Klotz, left, and Cheryl Coffey.

New band director, Bill Flores, drum major Andy White, and drum majorette Brenda DeGroot look forward to a good marching season.

The three vocal groups are A Cappella, Mixed Chorus and Girls' Glee. Singers is an extra-curricular activity, and the members are chosen from the ranks of A Cappella. The groups were busy this year giving programs for holidays, the Bicentennial, the other

schools in the district and area rest homes. They also participated in competition at State and A Cappella and Girls' Glee both earned 2's. A busy 155 students participated in vocal music this year and had a pretty exciting time.

Although the Seniors tried, "BONNER VICTORY MACHINE" rated No. 2.

Juniors ?...WORKED...? 'round the clock with Brave pride, while Seniors (left) lingered around aimlessly!

Building the floats from chicken wire into colorful displays means hard work and a week of planning. Despite fierce competition and the delaying of work by egg throwers, the Junior class rallied to a 1st place win above the overconfident Seniors. All classes toiled long hours to prepare their floats for the Homecoming festivities!!!

Varsity Braves Lead The Way

The spirited Varsity cheerleaders, minus two, strut down Main Street followed by the Varsity football team.

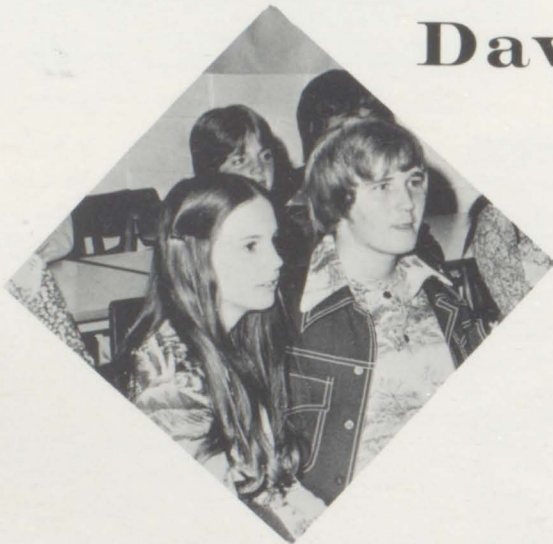

Homecoming is a special time of the year when the spirit and excitement creep up in mysterious places. The Sophomore and Freshman, although meek underclassmen, worked hard to prepare their floats. Below left, the Sophomores show off their eye-catching float "CHOMP THE CHIEFTAINS," and capture 3rd place. With their entry, Freshmen struggled through rough competition and placed 4th with their cry of "YOU DESERVE A BREAK TODAY!"

"Our Celestial Dawn"

Many students filled the decorated commons area for the Homecoming dance and listened attentively as the band played different melodies.

Morning Star made a return performance at Bonner High and proved to be just as great as the first time.

Familiar faces at Bonner High also show up at the famed Homecoming affair.

Christmas Queen

The halls bustle with the joy and celebration of Christmas. The Pep Club meets to elect their candidate as well as the Junior Class, FHA, and Kayettes. The traditional Christmas Dance is the second biggest social event in the school year—a dance that is elegant with beautiful formals, clever decorations and an excellent band. Excitement filled the air as Patti Loggins, Junior Class Candidate, was crowned Christmas Queen 1975. Her escort was Ken Cannon. Pep Club Adds New Tradition

Mr. Dennis Wilson, Pep Club sponsor, opens the speeches with a welcome.

The first Pep Club banquet has been held and it won't be the last. Pep Club sponsor, Mr. Dennis Wilson, saw the need for the members of Pep Club to pay a tribute to themselves for a "job well done" and spearheaded the idea. The delicious food, the speeches and the fellowship made the year seem short and worth every bit of energy each member had put into it. The topper was awarding Mrs. Deena French the title of "most spirited" teacher.

Pep Club members enjoy the banquet and the speeches made by various organization Presidents thanking them for their support.

Amigos de Español

Spanish Friends

Mrs. Pat Sears watches over a meeting of her Spanish students. A Spanish Club is emerging from these meetings.

Brian Deaver sits in the booth and sells Chupa Chups—a candy made in Spain. The sale of Chupa Chups was so successful it had to be extended.

Several members of the Spanish Club take over the Home Ec. kitchen to produce Spanish gourmet delicacies.

Eddie "Goldilocks" Nealy studies his part for the Spanish version of Goldilocks and the Three Bears.

Under the expert leadership of Mrs. Pat Sears, the Spanish students responded to a calling together for a Spanish Club. Their enthusiasm and energy resulted in the regular meeting of Spanish students who had a variety of projects during the year.

Students And Teachers Work

Together

One of the most surprising classroom treatments was Margaret Berlin's sketches of the great mathematicians in history (and included a contemporary mathematician, Mrs. Jared). The room was turned into a gallery and Mrs. Jared was surprised and pleased at the unveiling of the art work.

Miss Linda Horvath, art teacher, and Raymond Turner, artist, look over the colorful and whimsical studies in nature being painted on the art room wall.

Jerome Smith, artist, and Mr. Don Craven, teacher, stand beside the wall in the art room which was turned over to the painting of important historical figures.

Mrs. Doris Stith, mythology teacher, proudly shows the posters she found for her mythology classes. The colorful posters made an interesting addition to the learning of the legends in mythology.

For Classroom Of The Month

Every month the Pow Wow picked a particular interesting classroom and honored it with the title of Classroom of the Month. It showed the ingenuity and enthusiasm of the students and the teacher.

FHA produced a striking wall in the Home Ec. room in preparation for their FHA-Hero Week.

Ms. Lee Lovelady and her American literature students studied the works and contribution of Pearl Buck. The great author was honored with a bulletin board.

The mathematicians in Mrs. Muriel Jared's classes worked hard to find math in everything from A to Z but their success produced an interesting wall treatment.

Debbie Ray, Deena French and Ken Rickard keep the students in the business department encouraged with a bright wall challenging the students.

On a bright yellow background, the art students created a wall treatment out of mathematical formula for Mr. Roger Mignot's algebra and geometry classes.

Distributive Education And Occupational Education

Under the supervision of Mr. Ted Stephens, the Distributive Education and Occupational Education program continues to expand—in number of students who want to participate and in companies who want their services. From Bonner Springs to Kansas City, Kansas, you will find Bonner High students learning while working at a variety of large and small businesses along the busy thoroughfares. An added benefit is that more frequently than not, these students remain as full-time workers after their nine months of training.

Patricia Sanders, who learned a variety of work at Safeway.

Mary Innis learned about tractors and farm implements at Colement Implements.

Micki Edwards helped keep up the paper work on the sale of new cars at Roberts Chevrolet.

Roberta Vrbnac, otherwise known as "Bobby," kept the lines at Venture moving.

Lori Jennings didn't get to meet any Arabs while she worked for Malone Oil Company.

Top students in shorthand and typing are selected for on-the-job training in Secretarial Training. Working three hours a day out in the business community of Bonner Springs, they gain experience, confidence and new skills. The cooperation between the school and the business community helps students and business gains more competent help. What better reason for the cooperation, what better results of the cooperation!

Susan Hecke checks a daily report at the Junior High.

Secretaries Entertain Bosses

Once a year, the secretaries invite their bosses to a banquet in appreciation for the opportunities they have been given to learn on-the-job. The Secretarial Training Program is a shining example of school and community cooperation for the benefit of the student.

Leaders Of The Pack

Connie Pino, Valedictorian, and Ellen Vagner, Salutatorian, finished four years and found themselves at the top. Connie, top left, and Ellen, right, won the prize and the right to deliver speeches at commencement by maintaining the highest of grade point averages. Achieving this level didn't mean the two top students were only bookworms. Participating in school activities also, both girls were socially and academically oriented. The honor this year went to two self-disciplined, deserving people.

"No, not yet, Ron. Wait till after the match, then hit him."

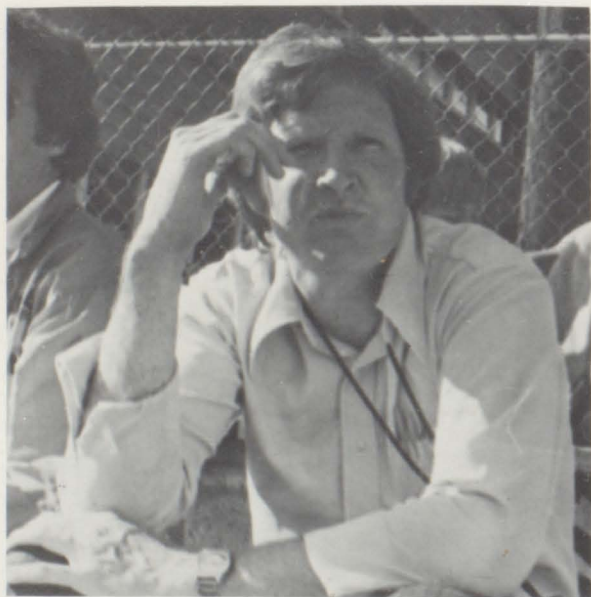

Senior Ron Weller was seen many times in this stance.

A Winning Sport—Girls' Track

Left: Margaret Stephan concentrates before her 880 race begins. Middle Left: No. 23 gazes into the sweltering asphalt as she begins her 100 yard dash of grueling strength! Lower Left: Trainer, Judy Peterson, keeps softball, high jump and shot put ace Brenda DeGroot's arm in shape. Below: Coach Ken Richard wonders why they dropped the baton.

In spite of the disappointment at State, our girls ranked high in every competitive meet this year. With only two Seniors, most of the track team will return to keep up the winning tradition of girls' sports. The track team and their accomplishments added up to a lot this year. In addition, Brenda DeGroot was named "Girl Athlete of the Year."

Above: Charles Thomas Stephan accepts and displays the trophy he was given for "Outstanding Male Athlete of the Year."

Brenda DeGroot is obviously overjoyed here, probably because she was chosen "Outstanding Female Athlete of the Year."

Below: Athletic officials munch down at the prestigious head table.

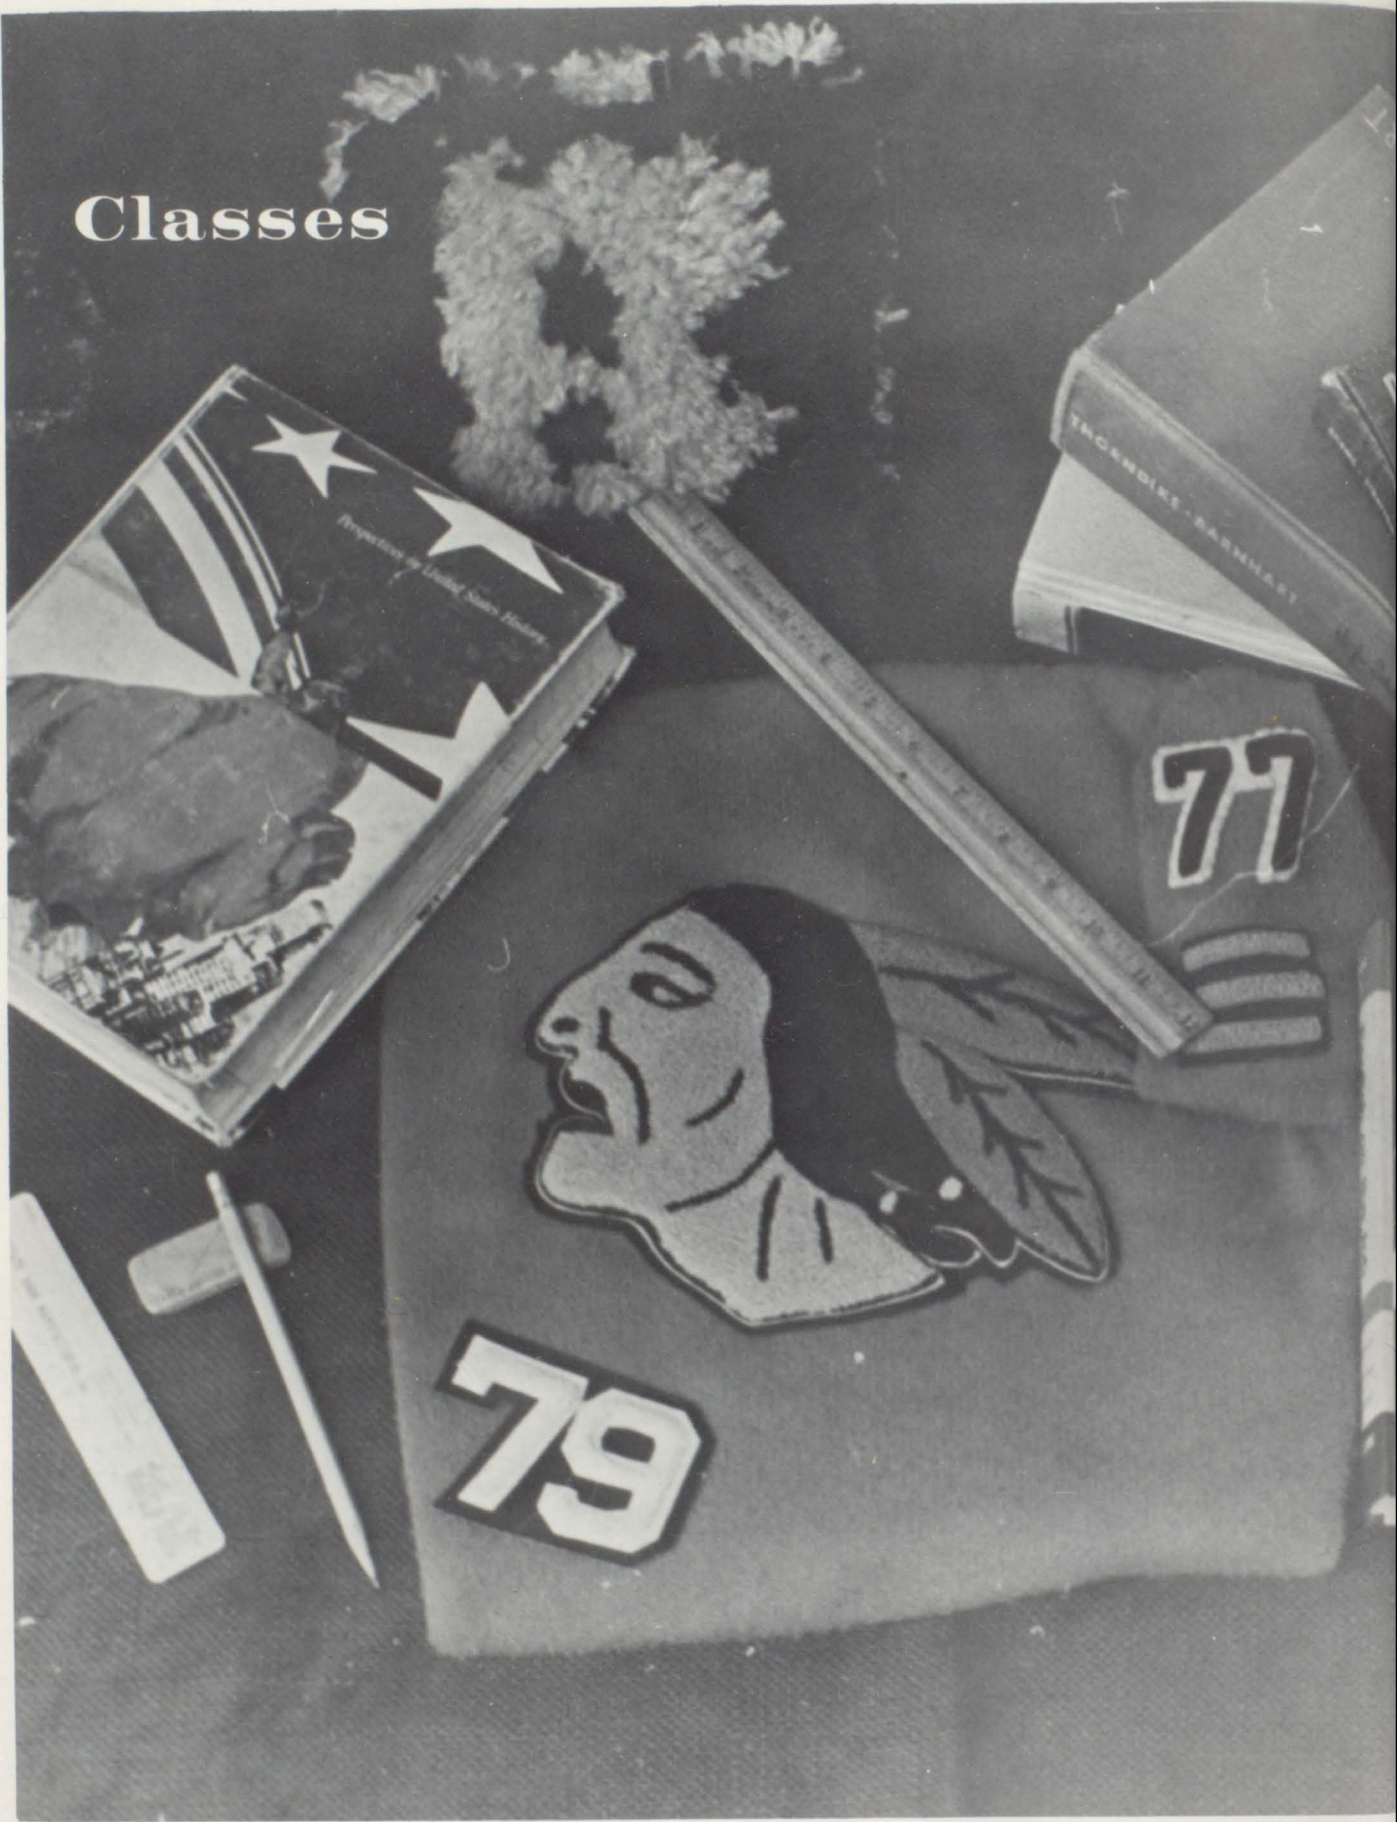

The Sports Conglomerate Players...Coaches...Fans

Above Left: Mr. Larry Harvatin listens to jolly Dick Burns as Big Brave looks on from his permanent post on the wall. Above: Mr. Ken Rickard is actually extremely serious about sports. Left: The women take their rightful place and get into the act as coaches Linda Horvath and Marsha Cowan add "female" to the sports persons' vocabularies. Below: The sheer numbers of sports participants are staggering and very encouraging.

76...77...78...79

From Senior Brave to timid Freshman Brave, we all work together. Freshmen come to Bonner High eager to learn, excited about being a part of the whole scene. Sophomores fill their ranks with workers who take their places among the Brave file. Juniors move up and observe closely in preparation for their turn to become leaders. Senior Braves set the pace...lead the tribe. And all Braves know that "Once a Brave... always a Brave!"

A Senior tradition is the "Senior Breakfast." With a little food and a lot of speeches, Seniors enjoy a private farewell with each other and with their teachers. A time for laughs and a time for tears...and a permanent and touching memory.

One of the highlights of the Senior breakfast is the speech made by the master of outlines, Constitution teacher, Doug Collins. Seniors go from fear, thru hate to great admiration for the man who forces them to face the responsibility of their citizenship. A standing ovation follows his speech...their final tribute to the man they learn to love.

Good Luck to the Class of 1976—Malone Oil Company

Senior Breakfast Served With Emotion

Mrs. Mary Knowles recognizes the National Honor Society members.

James Harmon, the raconteur of the Senior class, gets the last of many laughs from his classmates.

Never before have the Seniors paid such attention to speakers.

Senior class officers looking sad, relieved and pensive.

Miss Pat Sheley, Senior class sponsor, works hard to make the Seniors' last week in school a week that was!

Prom Memories

Right: Lanny Reed and Vivian Pine enjoy the evening. Above: The elegant Holiday Inn provided the right atmosphere for the fashionable occasion.

Left: The Junior-Senior Prom banner was proudly displayed by the Junior class. Patti Loggins crafted the banner for the dance. Above: Nancy Stark, Jan Cox, Kristi Hill and Cheryl Laing were the busiest waitresses in the world at Prom. Their help and assistance were deeply appreciated.

Teachers Lee Lovelady and Doug Collins enjoy the festive occasion as well as the students attending.

A "FULL HOUSE" turned out for the Prom at the Holiday Inn at 5th and Minnesota.

The dance floor at Prom was always full, as shown here.

This year's Juniors went "all out" and scheduled the annual Prom event, on the first Saturday in May, at the Holiday Inn. They rented the Lewis and Clark Room and decorated it lavishly with gold and green. The theme was "We May Never Pass This Way Again." Script letters were cut out and glittered by Vivian Pine. Gold stars filled the room. Angel lace streamers were strung from end to end. Green memory books, champagne glasses with gold and green bows (tied by Vivian Pine, Rita Mies and Dee Valentine) and gold napkins graced the tables. A special thanks is given to all Juniors for making it all possible. This made the last social event of the year the best in Bonner's history.

Above: Approximately 250-300 guests filled the Lewis and Clark Room from 8-11 o'clock on May 1.
Right: John Johnson and Vickie Breshears enter the flowered gateway.

Baccalaureate is the last time the graduating students sing with A Cappella and a time for a touch of spiritual guidance, which the participating students meet with a keen eye focused on the future.

from the way we were to the way
e're gonna be.

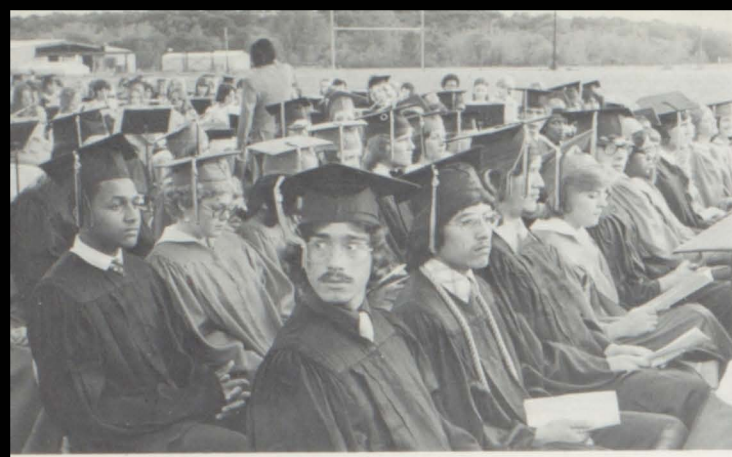

Preview

Anticipating and roasting and maybe getting a little of summer's first tan (or burn), the practice is a taste almost of graduation. The show must go on, and the Seniors do not object to the finality.

The joys and sorrows and nerves and curiosities of four years culminate near graduation time.

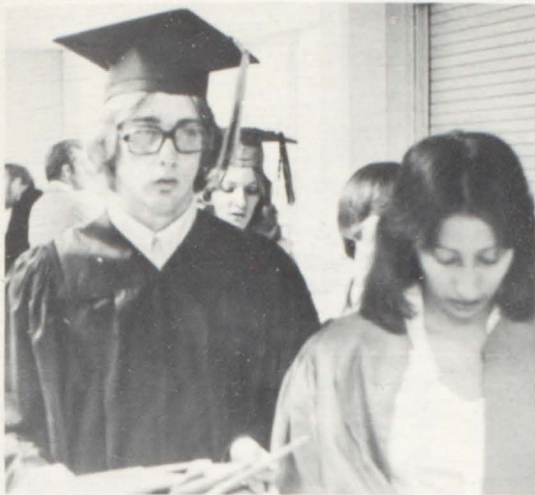

Finals

Expectant diplomas and people await the final moments and Commencement, a solemn time, is finalized. From the first to the last, all are recognized, the responsible parents and the over-worked teachers take and share in the moment.

The wary graduates and the elated graduates both show their varying attitudes towards the procedure and the preparations and the completions.

The Senior Gift, proclaiming our territory, was painted by three actual Seniors, Andy White, Steve Fox and Randy Schultz. Hopefully, this feathered warrior will insure continued good luck for the school. Below: The school cafeteria becomes a mini-Bonner Exchange as the graduates exchange their festive attire for their real diplomas.

Catch The Brightest Stars

The Life And Times Of '76

Earth, Wind And Fire

And So Goodbye...

The 1975-76 school year closed with 159 graduates receiving diplomas after a busy Bicentennial year. From the beginning in late August when a dress code was worked out that satisfied both the student body and administration till the last diploma was handed out, the year was one of steady and steadfast achievements. Academically and athletically, the student body found goals to work for and the energy and knowledge to achieve them. Mini-course learning was introduced and the response was overwhelmingly in favor of this new concept. Girls' sports competition expanded to include basketball and an award to a girl athlete at the Sports Banquet. All in all, it was a very good year. .1976.

Totem Pole Staff included: Debbie Jones, Lynne Gray, Jim Bowen, Tim Pollom, Roger Brizendine, Gene Samuels, Dennis Forback, Jay Dodson, Anita Goeking and Dee Valentine. They were joined by volunteers who enjoyed helping, including Joyce Sedorcek, Fred Parker, Mike Enloe, Brenda Brandon, Celeste Fogle and Susan Harvey.

The Book was put to bed on June 3, 1976 in the hopes that it would be the only permanent record of the antics of the 1975-76 school year.
