# Spirit Traditions

## ***“The Harlem Goat”***

***The Harlem Goat was feeling fine.  
Ate three red shirts from off the line.***

***Bill took a stick gave him a whack.  
And tied him to the railroad track.***

***The whistle blew and the train drew nigh.  
That Harlem Goat was doomed to die.***

***He gave three groans of awful pain.  
Coughed up the shirts and flagged the train.***

### **•Singing Along**

Former wrestling coach and teacher, Dick Burns introduced the song called “The Harlem Goat.” It was sung after all games, whether we won or lost, and although it had nothing to do with sports or spirit, it brought a sense of togetherness to the school. Because of complaints from other schools, the song was banned. However, this year’s Traditions Committee brought the song and Mr. Burns back to the BSBS football field after the victorious Homecoming game. (Photo courtesy of the Chieftain.)

### **•A Tradition That’s “Stayin’ Alive”**

A long time tradition of BSBS is the annual Homecoming parade and pep rally. Left, seniors show their spirit as they lead their float, themed “Braves Are Stayin’ Alive,” to Kelly Murphy’s Park where football players, coaches and fans gather for the pep rally to “fire-up” the team for the evening’s big game.

# In Our Teepees. . .

Excellence In Our Teepees  
From ACTs to GPAs,  
BSHS has shown us the way.  
When we leave, we will know that we've learned  
By the experiences we have earned.

Together In Our Teepees  
During four years, we've created a bond;  
In our teepee friendships have spawned.  
No matter what sex, religion or race,  
People we know will see a kind face.

Real Life In Our Teepees  
Dances, plays, class activities and fun  
In our teepee we've enjoyed every one.  
Seniors, juniors, sophomores and freshmen, too,  
Will look back in sadness at how quickly time flew.

Involvement In Our Teepees  
Whether we've donated blood or marched in the band,  
In an organization we've lended a hand.  
We put in our time and paid our dues;  
The steps we've taken we will always use.

Victory In Our Teepees  
We played our games with all of our heart;  
We had victory, defeat and were winners from the start.  
From the final whistle or final cheer,  
We worked as a team throughout the year.

**Football Fever:** Many students *brave* the elements to watch the Braves play through a 6-4 season that included a trip to State competition.

# Excellence In Our Teepee . . .

To reach the common goal of overcoming every educational obstacle, both students and faculty have to work together. The amount of support students receive enables them to reach their highest potential with the helping hand of faculty and their peers. With a variety of classes to choose from, every aspect of education is covered so each Brave can be successful in future endeavors.

## • Learning the System

Computer technology teacher, Mr. Doug Kapeller shows freshmen B.J. Trupp and Matt Golubski how to use a new software program that proves to be very beneficial when completing assignments for his explorations in technology class.

## • Mixing It Up

Senior Hollie Journey proudly sports the protective yellow goggles in Mr. Steve Cook's fifth hour Chemistry class while freshman Colleen Rainbolt positions the test tube for observations and would rather wear her glasses than be caught dead in the others.

• **A New Face**

As the door opened onto a new school year, students were greeted by a new face: the face of our new principal, Dr. Jerry Abbott.

## *Farewell to the Class of 1998*

On behalf of the faculty of Bonner Springs High School, I would like to express our thanks and heartfelt appreciation to an outstanding group of young men and women who have made this a banner year for our school and community. Your leadership and commitment have been instrumental in our individual and collective successes in the classroom, on the stage and on the playing field.

We sincerely thank you for consistently reminding us of our traditions past, of addressing issues in the present and sensitizing us to challenges yet to come. You will continually be remembered for your sense of responsibility, dedication to the task at hand, and willingness to assist those who are in need.

Again, we as a faculty applaud your achievements and wish you well in all of your future endeavors. It is our hope that we have given you the skills that are needed to meet the opportunities that await you.

Class of 1998, we congratulate you, thank you and wish you well.

Principally Proud,  
Dr. Jerry Abbott

• **Excellent Assistants**

School life as an assistant principal is never boring. A day could be filled with many difficult challenges and hardships, but assistant principals, Shirley Vaughn and Pete McDonald make the most out of everything. Ms. Vaughn tends to all the needs and concerns of the freshman and sophomore classes, while Mr. McDonald deals with the junior and senior classes, along with answering phone calls. Throughout everything, they do their best to be the best assistant principals that a school can have.

• **Behind the Scene Help**

After scheduling all the sporting events, Athletic Director Lenny Mohlman goes and enjoys all the fantastic athletic abilities that Bonner has to offer, on and off the playing fields. He comments, "This has been a great, wonderful, and astonishing year for the whole athletic department. Congratulations to all!" In the other corner is Ken Clark, the Technology Director. Most of the time, Mr. Clark is busy with trying to solve and fix a computer problems that cause complications to the rest of the staff.

With such a fast growing school, extra help is always needed and very appreciated. When an extra hand is called for, Betty Sotomayor plays double duty as school nurse and secretary. On many occasions, she can be seen signing admission slips for late students, like senior Brian DeGraeve, and answering the telephone. Likewise, Student Services sometimes needs an extra hand with helping students, particularly when students want to make schedule changes. Left, Guidance Counselor Ardys Kenyan prepares to help waiting students on the first day of school.

### • A Rare Sighting

Catching a sight of Mrs. Foley and Mrs. Smith outside of the Student Services Center is rare, but not impossible. They only come out on special occasions, like during Multi-Cultural Week, where they were seen purchasing some Croatian povitica in the commons during lunch time.

Delicate hands and creative minds are things needed to take care of youths and do astounding artistic creations. Below, Mrs. Wanda Simchuk is one of the experts leading the way to creativity for the arts & crafts students, like Megan Stinnett and Leslie Lynch.

• **Finding Time**

Often times Mr. Bill Hallock is found very busy with many different activities like coaching football and track, sponsoring FCA, or leading the Mock Trial Team to its fourth State Championship. However, he still finds time to make all his students his number one priority. He shows this by helping out Virgil Moppin, senior, Jennifer Rider, sophomore, Cristie Edmondson, junior, and Rebecca Bennett, junior, with one of their business projects.

# Constructing the Foreign Barrier

## • Working vs. Playing

Ooo La La! Maybe being in a foreign language class isn't so bad after all. If you are lucky, there is the possibility that you will be able to go outside, enjoy the fresh air, and practice pronouncing numbers like these students in Mrs. Henry's Latin I class. On the other hand, if the language is too foreign to you, and you cannot fully comprehend what is going on, you might be stuck inside studying, like senior Jay Konovalske is doing in Mrs. Nelson's French III class.

## • No Longer a Man's World

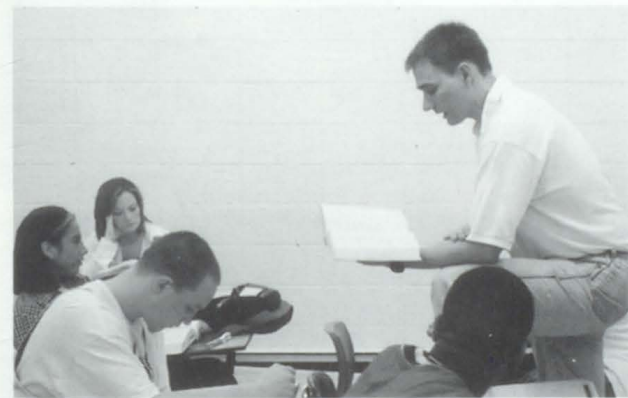

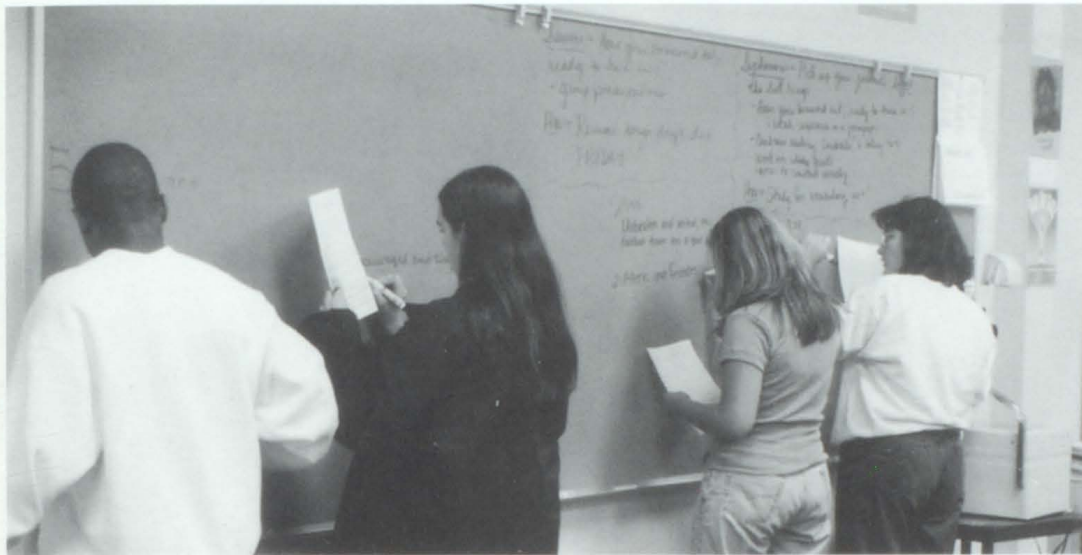

Senior Cayenne Gallagher shows that there are no limits on what a person wants to do, not even in the industrial arts field. She can saw, sand, and polish wood among the best. Unlike some females, Cayenne is not afraid to pull back her hair and work with the boys in industrial arts classes like Mr. Lundgrin's Materials and Processes class. Living in a world where objects are constantly needing to be fixed, a class like this can be very handy—even for a woman!

# The Power of English

## • Writing Skills

One of the most frequently used ways of communicating is through writing. With this in mind, Caleb Nicholson, Missy Howard, Tara Mitchell, and Jennifer Day practice on ways to improve their writing by getting up in front of Mrs. Yankovich's English 10 class and providing their classmates with examples of different ways sentence variety can be used to improve the beginning of any dull and ordinary sentence.

## • Reading and Testing

English classes are mostly made up of reading and testing. Sometimes the reading is long and boring, other times, it's short and sweet. Either way, it's work. Fortunately, for Monica Bass, Trinity Davila, William Brooks and P.J. Tombs, the rare opportunity to be read to in Mr. Downing's American Literature class is a welcomed change. However, with reading usually comes testing, and testing is usually a long and strenuous process. Above, seniors in Miss Sheley's English 12 class diligently and *sleepily* finish a quiz over the novel *Chernowitz*.

## •My Special Place

## •I Can Do It, I Can Do It!

Showing off her fierce mathematical skills, freshman Vanessa Spartan tries her hardest to get her math problem correct while in front of the class.

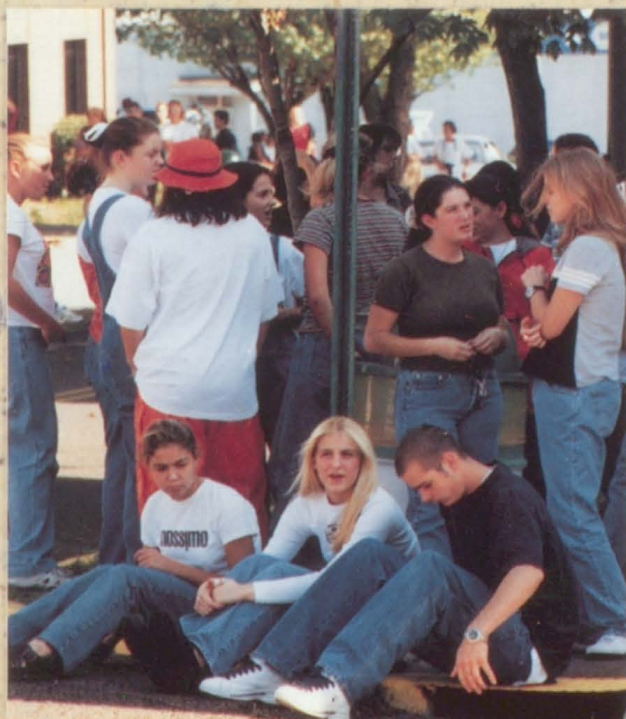

## •Festive Friends

Putting together their creative minds, juniors Monica Bass and Katie Fesenmeyer, sophomore Rose Miller and senior Eric Fleenor make red and green Christmas rings out of construction paper to decorate Mrs. Connie Henry's Latin classroom for the holidays.

# Together In Our Teepee . . .

# The Locker Lineup

Locker contents and appearances display individuality

**Khrysti Bennett's** locker includes a variety of items: "Pictures, pretty garland, a fuzzy mirror, seven cans of half-full pop and a pencil holder."

**Ben Miller** describes the inside of his locker: "It smells just fine and looks kind of like a museum . . . maybe a computer graveyard. The door looks like the sticker counter at Hot Topix."

**Trinity Davila's** locker needs some maintenance: "It looks messy, very messy. Water bottles on the ground, papers all over. It's just a mess. I just wish someone would fix the folded vents."

**Billy Brooks** recalls a happier moment at his locker: "The best thing that happened to me at my locker was meeting Kim Brown."

Wanting to brighten the appearance of her locker, **Laura Jackson** says: "I'd paint my locker neon green and then decorate it myself."

Although the closeness of the lockers bothers many students, **Aaron Brickey** has no problem with it: "I don't mind the lockers being crowded because of the cute girls next to me."

# Sixteen Going On 6 Foot!

## Reflections on turning sixteen and height preferences

"Turning 16 is a big deal because you can drive and get into more parties."  
--Alysia Cunningham

"Upperclassmen don't take advantage of me because that whole Charles Manson look keeps a lot of people away."  
--Aaron Miller

"Aging any amount of years is a "big deal" because society bases your wisdom, maturity, and intelligence by those ridiculous numbers which indicate your age."  
--John Mackey

"When I turn 16, I'll be able to get a car and never be home."  
--Brandon Wilson

"If I could be any height, I would be 6'8"-6'10" and weigh about 325 lbs. That is a great size for football."  
--Brendon Kasselmann

"If I could be any height, I would be 7'5" that way I wouldn't have to jump that high to dunk a basketball."  
--Shawn Moulin

"Just because you're short doesn't mean you're not powerful; never judge a book by its cover."  
--Dennis Bernard

"Being tall you always have to squat a little to go through a door way, and you always trip over your feet."  
--Nick Rahija

"If the boy you love is shorter than you, way shorter, then you will hate being seen together because you'll feel like a big carrot with a pea."  
--Stephanie Craven

# The Pajama Game

With a diverse cast and an able crew, the drama department has once again proven their performance ability. In just nine short weeks, the cast pulled together and produced another great musical.

For the first time, the directors, Johnny Matlock and Debe Birzer decided to try double casting some characters. This double casting allowed for two people to play one character during alternating performances. Although the double casting causes longer rehearsals, in the end, the different portrayals of the characters were worth the extra effort.

After his experience in a double casted role, Eric Fleenor, senior, has

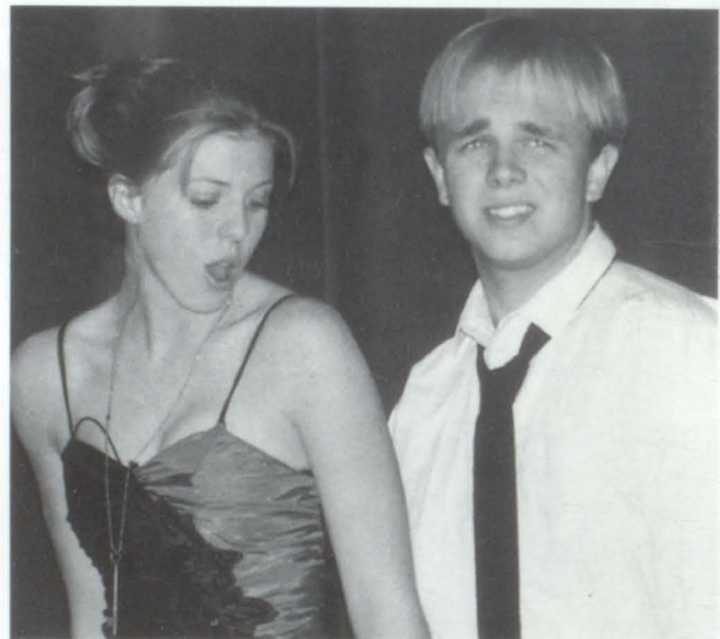

this to say about it, "On my off nights as a technical assistant, I got to work closely with the directors and crew, and as 'Mr. Hines' I got my taste of singing on stage. It's difficult enough to manage sets, lights, music, and sound, but it's a real challenge when I'm busy acting and learning to tap dance too. In the end, though, it all turned out to be a rewarding experience."

#### •Taking Charge

Mean old Mr. Hasler, played by Matt Benton, tries unsuccessfully to intimidate his superintendent, Sid Sorokin, portrayed by Kevin Hubbel.

#### •Being Sneaky

During this seductive scene, Megan Hewitt as Gladys, tries to entice Kevin Hubbel's character, Sid Sorokin, with her charming voice, but he simply plays along, waiting for the perfect opportunity to steal the boss' key from around her neck.

#### •Behind the Scenes

Technical Director, Hollie Journey works diligently at making the right cues to do her part in making the production a big success.

#### •Time Study Man

Lecturing his employees for their need to be on time, Eric Fleenor portrays his character Mr. Hines marvelously.

# SPIRIT-INITIATED COURTWARMING

This year's Courtwarming celebration was one of the most successful in Bonner Springs history. It included a new and different style of spirit week. Duct Tape Day, Gender Bender Day, Toga Day, and War Paint Day were all part of the fun-filled school week.

The spirit continued on Friday night with the boys basketball game against the Bishop Ward Cyclones and its half-time coronation festivities. After the ten candidates, their parents and the class attendants were introduced and seated, everyone in the gym sat anxiously in the bleachers awaiting the announcement of the new royalty.

Finally, Amy Hagedorn, Student Council Represent-

ative, released the tension by announcing Bernard Springfield and Jessica Gilliland as the 1998 Courtwarming King and Queen. The evening was topped off with an exciting 56-53 victory over the Cyclones.

Courtwarming festivities concluded on Saturday evening with the Courtwarming Dance themed, "My Heart Will Go On," after the hit song from the 1998 Oscar winning movie *The Titanic*. Everyone arrived at the dance with friends and dates and created a night full of memories that will last a life time.

"This year's Courtwarming is one that I will never forget. I can't actually say I was nervous, just excited. Getting nominated by the boy's basketball team was an honor itself. But I'll have to say I was very happy that my peers selected me as queen. I'll always remember the game, the crowd, the players, and all other elements of the evening. With the support of my friends and family, Courtwarming will remain a vivid memory of my senior year that I will always cherish."

# Multi-Cultural Week

## "Love Has No Color"

As the lyrics above suggest, one purpose of BSHS's annual Multi-Cultural Week is to gain appreciation of all American cultures, no matter the color of a person's skin. According to Monica Bass, committee chairperson, "We just wanted people in the school to become more sensitive to the different cultures, and we feel we accomplished our goal."

With food, music, and educational speakers, Monica and the rest of the Student Council were very busy. "Plans for Multi-Cultural Week started in November of '97. Next year's plans are already underway," says Monica.

To highlight the customs of specified cultures, each day was filled with activities varying from artifacts, food, music, art, speakers, and trivia from that particular

culture. Students enjoyed food such as baklava on Euro-American Day and fortune cookies on Asian-American Day.

Unquestionably, the highlight of the week was when the students were entertained by the Mariachi band "Tropical Zoo" on Friday. "My favorite part of the week was watching the Mexican band play and dancing with the fun music that they played," reflects Monica.

Overall, the week was a big success, and we can look for another exciting Multi-Cultural Week next year.

### •On Display

During lunch artifacts were displayed on each culture as shown right for Euro-American Day.

### •Taste of Culture

### •Setting Up

### •Illustrating a Point

Melissa Langston and Justin Border, seniors, discuss the eating habits of the Asian culture as they browse through a book on Asian customs.

### •Feeling the Beat

**•A Picture is Worth a Thousand Words**

**•Developing Unity**

During an assembly, Mr. Alvin Brooks, President of the Ad Hoc Group Against Crime, encourages students to be more open-minded and less judgmental of people from different cultures.

**•Harmony**

# Dedicated Service

## Prom Committee Prepares for the Perfect Night

Decorations, invitations, photography, music, and every tedious task that pertains to Prom is expertly taken care of by the creative minds of Ms. Linda Horvath and the junior class committee members. For the past 24 years, Ms. Horvath has dedicated herself to our school not only through her artistic talent as a teacher, but also as our Prom sponsor.

Many students have learned much from her and her Prom planning, including junior Anastasia Spartan, "She always has everything so organized and perfected. It makes our part of the work so much easier."

However, after 24 memorable years, Ms. Horvath has decided to resign from being Prom

sponsor. Teachers and students alike will miss her service, and know that her reputation will be hard to live up to. For next year, Ms. Horvath readily relinquishes her sponsorship to Mr. Bill Downing and Mr. Rick Moulin and wishes them the best of luck.

When asked what she enjoyed most about her 24 years, Ms. Horvath replied, "I'm always impressed by how well the students behave and how nice they all look dressed up. It makes all the preparatory work worthwhile."

### •One Last Time

As one her final responsibilities as Prom sponsor, Ms. Horvath counts king and queen ballots with Mr. David Nelson. Later in the evening, Ms. Horvath celebrates the end of her 24 years of service with refreshments prepared by Mrs. Martha Chandley and her daughter Melody.

### •Organizing and Arranging

Juniors Ana Vardijan and Jerica Seaton take their places on the floor sorting through boxes of decorations deciding where they should go.

### •First Appearances

# Mock Trial

## A Discussion Worth Listening To!

The BSHS Mock Trial Team proves hard work and teamwork really do pay off. For the fourth year in a row, the Mock Trial team has made it to NATIONALS!

The case that brought them victory and the ability to attend Nationals was a real life case from an assault and battery trial that took place in Wichita, Kansas.

This year's Nationals takes place in Albuquerque, New Mexico, where the team prepares a new case based on an Aztec Indian murder.

The team's success is not

just handed to them. The whole team has to put an equal amount of time and energy into reaching the team's ultimate goal of National competition.

Reflecting on the team's success, Kevin Parks, sophomore, comments, "I thought it was going to be a really tough year, but the varsity team showed to be very competitive, and the junior varsity team had a strong showing by taking second. This shows a real bright future for BSHS Mock Trial."

# Working Their Way to State

After years of hard, dedicated work, the Braves football team made it to State! With the momentum of the previous winning season pushing them on, the boys worked two and a half hours a day through various tiring temperatures and conditions to achieve their State berth. Rolling around on the cold muddy ground for drills and enduring freezing temperatures couldn't stop the team from reaching this goal.

With the support from a superior coaching staff led by Lew Kasselmann, the team triumphed over Tonganoxie

in Regional competition and qualified for State competition against Topeka Hayden. Although the Braves fell short in their quest for State Championship, overall the season was a success.

## Whoop! Whoop! Whoo!

Bravettes had many different cheers, but only one stuck with them throughout the whole season, and that was "Whoop! Whoop! Whoo!" After each and every ace served or good play, the team showed their excitement by proudly shouting this cheer as loud as they could.

The team picked this cheer up at the Summer Quad when they played against their long time ri-

vals, the Basehor Bobcats. This cheer was with them when they crushed every team in their first place finish of the WYCO Tournament, and it was still enthusiastically yelled when the Bravettes fell short in a heart-breaking defeat against Ottawa in the Huron League Tournament. There's no doubt that this cheer will carry over into future Bravette volleyball seasons.

# A Stride Ahead

When watching a young cross-country team like this year's squad, it's hard not to get excited. It's exhilarating to see how the athletes matured and developed into stronger runners. Throughout the entire year, they showed extreme highs and lows, and it was easy for the audience to get caught up in all the emotions.

Another admirable quality of this team is their focus. To overcome many trials and obstacles, they pulled together and kept their attention set on winning and making progress. Hard work, perseverance, and dedication are a few attributes which helped them stay competitive through rough terrain and harsh weather.

Unfortunately, none of the

members of this year's squad earned a chance to State competitions, but despite that, they are applauded for everything they accomplished. "The season was extremely productive for a young team. All our runners lowered their times," said Coach James Soper. "I'm eager for next year. This squad is maturing into a solid force. The competitive edge will certainly be turned up a notch."

**•A Moment of Silence**

The team takes a moment to pray and meditate before the long race ahead of them.

"One of my memorable matches was in the Semi-Finals. I was down 0-4 and came back and won 5-4. I thought it was just luck but the real reason is because of Coach DiPonio. I have to give credit to him for the reason why I won all my matches and for the great year I had. Every day at practice he wouldn't stop kicking my butt, and he made me work my hardest so I can improve my ability in wrestling. With him I am able to go to State. Thank you, DiPonio."

# Cheerleaders:

It seems somewhat crazy to think that a person would be willing to wake up and be at practice by 8:00 in the morning for cheerleading practice in the summer, or practice for three very hard and long hours on Wednesday nights, doesn't it? In fact, the cheerleaders spend more hours practicing in the summer than most would believe. Why do they choose to do this? They are preparing for a three-day camp held at the University of Kansas. Sponsored by the National Cheerleaders Association, the camp readies the cheerleaders for the busy upcoming sport's season and allows the teams to participate in vigorous competitions.

As this summertime commitment indicates, the BSHS cheerleaders go beyond just cheering at sporting events. They practice throughout the year, attend games (one to six nights a week), hang locker signs, provide treats to the sports teams and a whole lot more. One of their favorite activities is the cheer clinic they hold for the elementary students interested in cheerleading. At the clinic, the cheerleaders teach not only techniques, cheers, and chants, but also show how fun being a cheerleader really is.

So, the next time you're looking for a dedicated athlete, don't forget to check out the sidelines! Cheerleaders are year-round athletes who deserve to be recognized and acknowledged for their hard work and dedication.

To my darling Lisa,

As I look back on the years, I remember the day I sent you into the world. I felt so empty letting you go. I knew this would be a new stepping stone in our lives. Each and every year brought more and more challenges. As I watched you grow you gave me so much joy. Now you are becoming a woman. Focus on the stars and reach for your goals in life. Continue to remember your values and always try your best. You will succeed and go far. I love you, and I am very proud to have you for my daughter. Thank you sissy for being the best daughter a mother could have. Congratulations!

1998--Love Mama

18 years ago:

Your hands were small and your legs were short.

Your eyes were wide with wonder and wanted to see it all.

Your feelings were tender and you needed encouragement.

You needed freedom to make mistakes and your own decisions.

Over the past 18 years:

Your hands are steady and your long legs carry you gracefully.

Your eyes are looking brightly to the future and all it holds.

Those tender feelings have found a profession that needs you.

You have earned freedom to be whatever you choose.

The awkward years are over and you've matured to be a beautiful young woman. We are so proud of you and all that you are and will become.

The world is waiting for you. go out and make us proud.

Happy graduation -- Kiki!

Love, your family!

# Chad Michael Bowman

Class of '98

Chad,

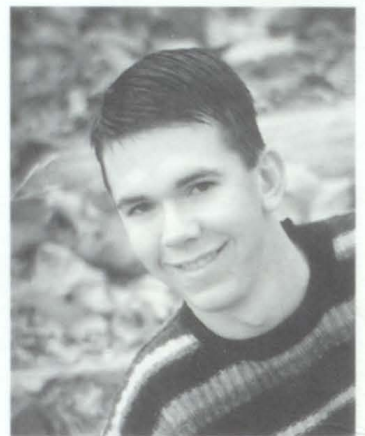

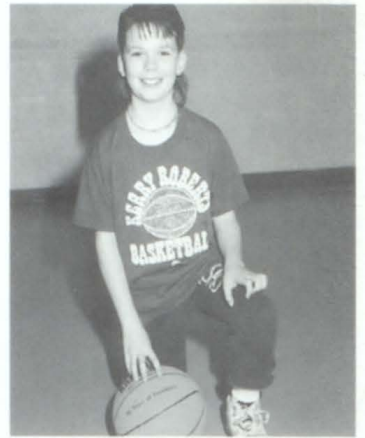

Seems like yesterday that we escorted you to your first day at Northwest Kindergarten, Mr. Shannon's class, and as we left you we "shed a few tears."

We have enjoyed being involved in your school activities; from room-parent parties, school plays, lunches at school, field trips, to last-day parties at our home. You did play a "cool" saxophone too! Your involvement with sports was another exciting experience. We were loyal fans to those challenging times at the soccer, basketball, and baseball games.

Chad, you are a thoughtful, respectful, trustworthy, intelligent, always positive and jovial young man. Now as you graduate, we will "shed a few tears."

Thanks for the memories and your love. You have made us proud. We look forward to sharing your college-day accomplishments with you.

Love Always, Mom & Dad

# Closing of Our Teepee . . .

We have struggled through homework, sports practices and semester finals, and pulled it together for the musical, grade cards and float construction. Although it is the end of the school year, it is just the beginning of many new adventures. For some, it will be living in the "real world" as adults, and for others it will be adjusting to new schedules as they move closer to their graduation. Whatever the case may be, it is closing time at the home of the Braves, and the time has come to put to use what we have learned and make the best out of our futures.

We would also like to thank all of the teachers, students and faculty for being flexible when it came to interrupting class with survey questions, interviews and picture opportunities. We couldn't have done it without you.
